C20505G MAXA Workbench With Cabinet

Our MAXA workbenches with storage cabinets are designed for use in industrial and maintenance workshops, warehouses and factories. We offer a wide range of sizes and custom options for backboards, GPOs, lights, and castor wheels.

→ Standard Features ◦

- Workbench with a high-density drawer cabinet (C855)
- Five high-load capacity drawers with full extension
- Metal drawer partitions and dividers supplied standard
- Optional plastic parts bins available
- Heavy-duty stainless steel and galvanized steel benchtops available (will be specified when quoted with a G or S for galvanised steel and stainless steel respectively)

Custom-specified options available:

- 100 mm high bench backs with or without power points
- Shelf above benchtop
- Backboard with perforated and/or louvred panel
- Mobile kit with castor wheels
