## C3075G MAXA Workbench

MAXA workbenches and workstations are engineered for heavy-duty use in mining, defence, agricultural and defence applications. We offer a wide range of sizes and custom options for power, lights, backboards and castor wheels.

### → Standard Features ○

- Stainless steel and galvanised steel benchtops available (will be specified when quoted with a G or S for galvanised steel and stainless steel respectively)

**Optional:**

- Mobile kit with four lockable heavy-duty swivel castor wheels
- 100 mm high bench backs with or without power points
- Shelf above benchtop
- Perforated peg board and/or louvred panel backboard
